1. Basic Information and Datasheet

Port (Note1)	USB2.0, UART
Power Consumption	1W
Power Supply (Note1)	USB (5V +/-5% DC)
Report Rate	130
Channels	TX: 24 (max) RX: 48(max)
Recommended Size (Note3)	10"~32"
Working Temperature	-20~70°C
Storage Temperature	-20~80°C
Touch Points	12 Points

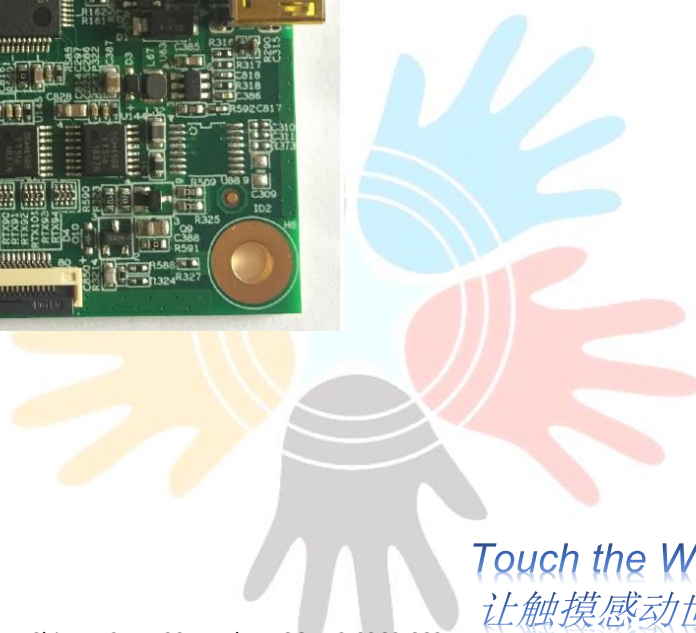

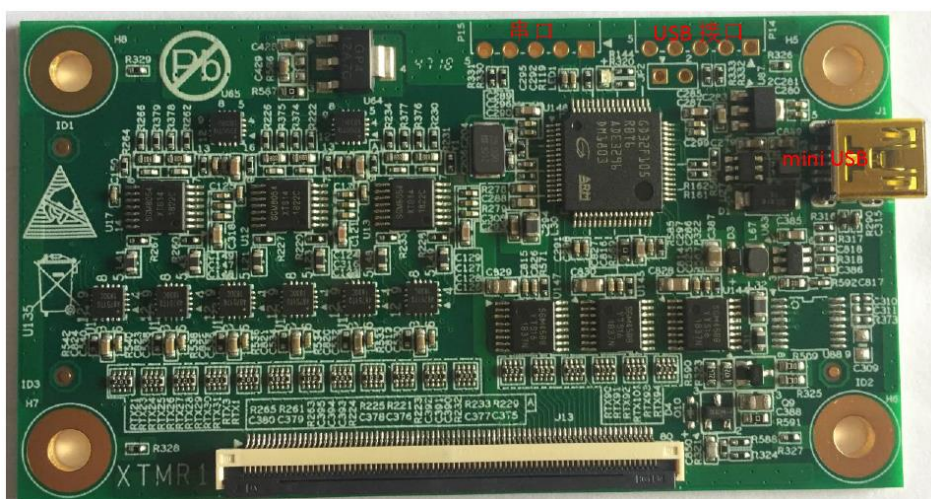

NOTE:

- UART_TX, UART_RX are all 3.3V level, other serial communication ports need to be defined by customer, temporarily only support USB communication.
- Mini-USB or USB power supply is available

2. Operation System Supports

Operation Systems	Version	Touch Points	Interface
Windows	Win7	12	USB
	Win8	12	USB
	Win10	12	USB
Linux	Kernel 3.10 and above	12	USB
Android	Kernel 3.10 and above	12	USB

4. PIN Definition

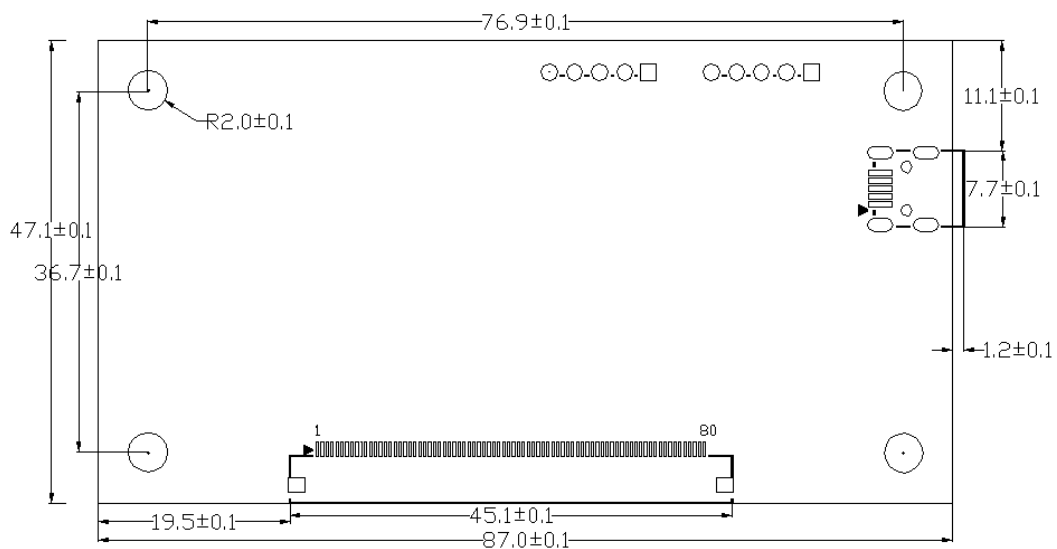

PIN	Mark	Type	Description
0	IO	Reserved pin	Reserved IO
1	VCC	Power	3.3V Power
2	GND	Power	Ground
3	RX	Signal	Asynchronous serial communication 3.3V level reception
4	TX	Signal	Asynchronous serial communication 3.3V level Sending
5	5V	Power	5V Power Supply
6	DM	Signal	USB D-signal
7	DP	Signal	USB D+signal
8	NC	Empty	Empty PIN
9	GND	Power	Ground
