Kingtronics History

- 1990 Kingtronics established first factory producing trimming potentiometer in Chengdu
- 1995 Kingtronics set up sales office in Dongguan, Guangdong
- 1997 added dipped tantalum capacitors production lines
- 1998 Hong Kong warehouse center set up
- 1999 set a new factory produce multilayer ceramic capacitors in Guangdong
- 2000 started to produce SMD rectifier M7, diode and rectifiers
- 2002 expanded bridge rectifier production lines and get UL approval
- 2005 ISO 9000:2008 implemented in all product control
- 2008 sales network covers all over the world and set up distributors individually
- 2010 registered a new trade mark "Kt" in HongKong
- 2016 Started to explore overseas market for Aluminum Electrolytic Capacitors after cumulating several decades' sales experience and receiving lots of positive reputation in mainland China & HK
- 2018 Started to shift business to overseas market for SMD 3mm Chip Ceramic Trimmer Capacitor & Tact Switches from mainland China & HK market.
- 2020 Expanded business to international market in March for DKT-Super Capacitors, while XKT-Metal Oxide Varistors and NKT-Negative Temperature Coefficient Thermistors became available for abroad customers in August.

Kingtronics Brief Introduction

Kingtronics International was established in 1995 in Hong Kong.

Our factories in Sichuan and Guangdong China produces our brand under the trademarks Kt and Kingtronics. Now with around 850 workers.

Kingtronics produces two kinds of electronic components.

Passive components like Aluminum Electrolytic Capacitors(Snap-in, SMD, Radial Type) and other capacitors.

Active components like Diodes & Transistors and Bridge Rectifiers. All our products are RoHS compliant, Reach standard.

Thanks to our valuable customers and the professional Kingtronics team, we built up good reputation in Russia, European market, as well as South America, USA, Canada, South Africa markets and so on after many years' hard-working.

Kingtronics Production Line (Total: 43 lines)

- GKT - Aluminum Electrolytic Capacitor (**Polymer, Axial, Radial, Snap-in, Screw and Lug, SMD Chip Type**)
- RKT - Trimming Potentiometer (**SMD 3313, SMD3224**)
3296 3006 3386 3299 3266 3323 3329 3318 3303 3306 3309 3540 C3305
- TKT - Dipped Tantalum Capacitors
- MKT & AKT - Radial & Axial Multilayer Ceramic Capacitors
- YKT & ZKT - Hybrid & Axial Tantalum Capacitors
- Diodes Transistors & Bridge Rectifiers
- QKT - Quartz Crystals and Oscillators
- SKT - Gas Tube Surge Arresters (2R, 3R and SMD Type)
- KKT - SMD 3mm Ceramic Trimmer Capacitor
- WKT - DIP and SMD Tact Switches
- XKT - Metal Oxide Varistor (05D,07D,10D,14D,20D)
- NKT - NTC Negative Temperature Coefficient Thermistor
- DKT - Radial, Snap-in, Screw and Coin, Combined Type Super Capacitors

Diode Rectifier M1-M7

5 production line, 50kk/Month

SMD rectifier M7 surface mount general rectifier:

M1-M7: 1A, 50V-1000V, SMA, S1M

Very Attractive Price

1-2 weeks lead time, regular stock available,

5Kpcs per reel or 7.5Kpcs per reel

Inspired by innovation

Bridge Rectifier

5 production line, 8kkpcs/m

Bridge Rectifier:

DB101-DB107, DB101S-DB107S,
MB2S-MB10S, KBL4005-KBL410,
KBU6005-KBU610, KBP2005-

RKT - Trimming Potentiometer

5 production line, out put 2kk pcs/month

20 years production experience

Good quality, free samples are available for quality test

4-5 weeks Lead Time for common items

Regular samples stock is available

ISO & SGS Certified; RoHS compliant

Inspired by innovation

Multilayer Ceramic Capacitor

MKT - Radial Multilayer Ceramic Capacitor (NPO, X7R, Y5V)

5 production line, out put 10kk/mon

AKT - Axial Ceramic Capacitor (NPO, X7R, Y5V)

1 production line, 2kk/mon

Tolerance $\pm 20\%$; $\pm 10\%$; $\pm 5\%$

SMD Multilayer Ceramic Capacitor

(0402, 0603, 0805, 1206, 1210, 1812, 25V,
50V, 500V, 1000V, 2000V, 4000V)

Lead Time for MKT/AKT: Normally about 4 weeks

Inspired by innovation

TKT - Dipped Tantalum Capacitor

3 production line, out put 2.5kk/month

Ammo and Bulk Packaging Available

Tolerance $\pm 20\%$; $\pm 10\%$; $\pm 5\%$ (for special order)

Dipped tantalum cap meets & exceeds the requirements of IEC Spec 384-15-3, IECQ Spec QC300201/US003 & J/T10856-96, can produce military level goods.

RoHS Compliant

ALUMINUM ELECTROLYTIC CAPACITOR

Radial, Axial, Snap-in, Lug, Screw, IMD Types

Customer service and a wide variety of applications. Our products include high voltage electrolytic capacitors, low voltage electrolytic capacitors, and snap-in electrolytic capacitors. Our products are available in a wide range of capacitance values and voltages. Our products are available in a wide range of capacitance values and voltages.

KKT 3mm CHIP CERAMIC TRIMMER CAPACITOR

Features

1. Very good Q and high resonant frequency
2. Heat resistant resin withstands reflow soldering temperatures
3. Ultra miniature size with axial dimension of 3.0mm x 2.0mm x 1.5mm
4. Can be replaced with conventional axial lead type by a thickness of 0.5mm
5. Color coded ends according to its capacitance range for easy visual identification
